APPLICATION FOR EMERGENCY ASSISTANCE

Overview

The attached form was developed by Foundation Source to provide a mechanism to provide rapid relief to individuals and families who are temporarily unable to be self-sufficient as a result of a sudden and severe emergency. Although we have tried to streamline the process, we want to underscore that it is important that the form be filled out carefully and with fore-thought. It is recommended that the foundation's board formally adopt its emergency assistance grant program and memorialize the board action (e.g., with minutes). The grant program should benefit victims of current and future emergencies. This form represents our interpretation of applicable IRS rules and guidance, and should not be construed as legal advice.

A foundation's decision about how its funds will be

distributed must be based on an objective evaluation of the victim's needs at the time the grant is made. Under established rules, charitable funds cannot be distributed to individuals merely because they are **victims of a disaster.** According to IRS Publication 3833, a private foundation providing emergency assistance must make a specific assessment that a recipient of aid is financially or otherwise in need. Accordingly, the grant amount will vary depending on the applicant's level of need. If a grant is made outside of the U.S., the foundation must take into account the local cost of living and currency values in determining the appropriate grant amount. Individuals do not have to be totally destitute to be eligible to receive emergency assistance; they may merely lack the resources to obtain basic necessities.

The IRS requires that a granting foundation record, among other things, the grant recipient's need for assistance at the time of the grant; the objective criteria applied to assess need; the process by which grant recipients were selected; and the name, address, and amount distributed to each grant recipient. The IRS requires a granting foundation to make its annual return open to public inspection and disclose a grant recipient's identity and address, the grant amount, and a description of the grant purpose. However,

the IRS does not require the foundation to track how the grant recipient spent the funds. In fact, there are no restrictions on the grant recipient's use of grant funds.

Foundation Source's Application for Emergency Assistance has been designed to meet the IRS's record-keeping and needs assessment requirements for personal emergency and disaster relief to individuals:

Sections 1 – 5 provide the opportunity for the applicant to detail the circumstances that gave rise to the need for emergency assistance, so that an objective assessment can be made by the foundation's board.

Section 6 to be completed by the foundation, describes the factors that influenced the board's decision to provide emergency assistance to a particular applicant or household over another. In addition, this section is meant to document how the foundation's board became aware of the applicant's need for assistance.

Section 7 establishes that no family or business relationship exists between the foundation's insiders and the person or household seeking emergency assistance.

Charitable Class

Finally, the IRS requires that grant recipients be selected from an open-ended group of individuals known as a "broad charitable class." This group must be indefinite or large enough to ensure that the number of members comprising the class is not fixed. For this reason, the foundation should develop a means to identify persons in need of assistance beyond the board's immediate sphere of social contacts. This may be accomplished by obtaining referrals from clergy, local charities, community organizations and social workers, reading newspaper and magazine articles, and establishing other channels.
